Subject: Request for Assignment Submission Extension - CSE0001 Digital Literacy

Dear Professor,

I hope this email finds you well. I am writing to respectfully request a short extension on the upcoming assignment submission deadline for CSE0001 - Literacy, originally due on the 31st of March.

Unfortunately, I have been dealing with a high fever and sore throat due to a throat infection over the past few days, which has significantly affected my ability to complete the work to the standard I aim for. I have made considerable progress and am confident I can submit a quality submission with just a few additional days.

I sincerely apologise for any inconvenience this may cause. If possible, I would be grateful for an extension until 5th April. I am happy to discuss this further at your convenience.

Thank you for your time and understanding.

Yours sincerely,
